U.S. Serial No. 09/700,129

PROPOSED AMENDMENTS TO THE CLAIMS

The following listing of claims will replace all prior versions and listings of claims in the application.

LISTING OF CLAIMS

1. (currently amended) A liquid crystal device comprising:
a pair of substrates opposed to one another via a seal member;
electrodes formed within an inside area of the seal member ~~[[of]]~~ on one substrate of the pair of substrates; and
[[an]] a first insulation film disposed on the electrodes,
wherein in an area outside ~~[[area]]~~ of the seal member ~~[[of]]~~ the one ~~of the~~ substrates comprises substrate includes a terrace protruding area that protrudes out of beyond an end portion of the other substrate, ~~the terrace area comprising and the protruding area includes~~ wiring lines connected to the ~~electrode~~ electrodes, and
wherein at least a part of the wiring lines ~~[[is]]~~ and (a part of an area that is free of the wiring lines in the protruding area of the one substrate are coated with [[an]] a second insulation film made of the same material as the first insulation film.
